Theft Protection

WHY DOES IT MATTER?

Over a million vehicles are stolen every year in the United States. That is one every 20 seconds. Most are never recovered, or are recovered with extensive and costly damages. Since most people carry a significant deductible on their insurance policy, auto theft can result in substantial out of pocket costs to vehicle owners.

SO HOW DO YOU PROTECT YOURSELF?

OnRamp Theft Protection is a highly effective way to keep your vehicle safe from professional thieves. A unique identification code is permanently affixed to your vehicle in multiple locations. Thieves know that vehicles equipped with this type of protection system are easily traceable by police and will frequently seek out an unprotected vehicle.

Insurance companies know that OnRamp Theft Protection is an effective theft deterrent, and therefore it meets many insurance carriers' requirements for anti-theft system premium discounts.

THEFT PROGRAM COVERAGES

We are so confident in the effectiveness of our plan, that we will provide you with robust financial benefits in the event that the system fails to deter the theft of your vehicle. Only OnRamp Theft Protection provides real financial help when you need it most.

- Down Payment Assistance: when you return to your selling dealership, you can receive an additional benefit that will be paid to the dealership towards the down payment on a replacement vehicle.
